INDEPENDENCE CLASS

Constellation Class

The *American Constellation* and *American Constitution* operate on both coasts of the United States and provide the most premium atmosphere in the industry. These new ships are designed to accommodate modern expectations and offer all of the latest amenities. Expansive rooms offer sweeping views from every vantage point, while furnished private balconies allow for total relaxation as we glide to each spectacular destination.

Independence Class

The *American Star*, *Independence*, and *American Spirit* cruise many of the same itineraries as the Constellation Class ships and offer a similar atmosphere on board. They have slightly smaller staterooms, though still nearly twice the size of other small cruise ships, and offer a selection of spacious public spaces and amenities.

COASTAL CLASSES

Modern Riverboats

The brand new *American Jazz*, *American Harmony*, and *American Song* have elevated the standard for riverboat cruising across the country. This new class of modern riverboats is the first of its kind in the U.S. and features contemporary styling, a grand multi-story atrium in the center of the ship, a variety of gracious lounges, and private balconies in each spacious stateroom.

Authentic Paddlewheelers

America, *Queen of the Mississippi*, and *American Pride* offer an authentic paddlewheeler experience with modern design features and amenities. Guests can enjoy large staterooms, private balconies, hotel-style bathrooms, complimentary breakfast room service, and a variety of unique lounges.

Queen of the West

The *Queen of the West* offers the same amazing cruise experience as our other riverboats, including interior entrances, private balconies, spacious lounges, and an intimate onboard atmosphere. This authentic paddlewheeler has slightly smaller staterooms and was refurbished in 2011 with a frontier-inspired design.
